Environment Achievements

We at Raje Shivaji English School take environmental education very seriously and impart sufficient knowledge & awareness among the students so that they will help in conservation of the environment in their lives to come.

We have a Rain water harvesting system at the school premises. The water collected from this system is then used for activities in school. This helps us in preserving water and the same is taught to students.

Waste Segregation is another important activity which is conducted in school. Aurangabad in general is facing waste management issues and lack of awareness is a factor. We at Raje Shivaji English School have separate bins to collect dry / solid waste, and wet / organic waste. We educate the students to use them accordingly and do the same at their homes as well.

Efficient Energy usage is another subject that is very important, as it effects environment in a big way. At the school premises every student is taught to use the electrical only when utmost necessary and to switch it off immediately when not in use. This value when inculcated in students is replicated at their homes as well. Students are also taught about the use of renewal resources of energy and how this can affect their lives.

Independence Day Celebration

It was a red letter day of history in India. When the country got her freedom on August 15, 1947. It took hundreds of years for us to break shackles of slavery.

Our school celebrated this festival in every year for this year we had made all the preparations. In the morning NCC cadets of our school marched out in a procession through the main street of the town with a band playing the National song (vande mataram).

Our Principal Mrs. Jadhav V.K. is the chief guest of the programme she hoisted the national flag on the school building sharp 07: 30 am .All the students and teachers saluted the flag and then sang the national anthem with nobody moved honouring it.

In the End of the programme Chief guest delivered the short speech. Thereafter finished the Programme.

Date: 17/09/2018

Marathwada Muktisangram Din.

Marathwada liberation Day also known as “ Marathwada Mukti Sangarm Din.” Is celebrated in Maharashtra on 17th september annually It marks the anniversary of Marathwada’s Integration with India . When the Indian military, Invaded state of Hydrabad, and defeated the Nizam to manage Hydrabad into the Indian Unique on 17th september 1948, which would bw a staggering 13 months after Indian Independence.

Our school also celebrated this festival our principal Mrs. Jadhav V.K. was the chief guiest of the programme she Hoisted the flag on the school building and thus we celibrated this festival.

Navratri

The Hindu festival of Navratri is celebrated with great pomp and splendor in India. The festival is so called as it encompasses celebrations over a period of nine nights.

Navratri is celebrated four times in a year however, the festival that falls during the autumn season is the most popular one . This is referred to as Sharda Navratri and is celebrated in the months of september or October to honour goddess Durga.

Our School is also celebrating this festival every year with fun.

Date: 31/10/2018

Diwali celebration.

Diwali is one of the biggest India's Festivals. The word Dipawali means rows of lighted lamps. It is the festivals of lights and hindus celebrated it with joys. During Diwali people light up their houses and shops with Diyas.(Cup shaped oil lamp made of baked clay.)

They works hip the lord Ganesha for welfare and property and Goddess Laxmi for welth and wisdom. Diwali is also celebrated to mark the return of lord Rama after 14 year s of exile and his victory over the demon Ravana.

In our school Diwali celebration was done with great joy and happiness student made and coloured diyas for lighting in schools they also make lalten and sticked every where in school campus. Our Principal mam gives short massage to every students for safety from crackers and also she gave massage and wishws to all Raja Shivaji Familly.

Date: 28/02/2019

Science Day

National science day is celebrated by every school and colleges to remark the discovery of the Raman effect by Indian physicist Sir Chandrashekhara Venkata Raman. The school student have participated with great enthusiaam and the response was highly appreciable. The president for the programme was V.K Jadhav and the chief guest was Mr. S.K Maurya .

The president and chief minister visited every toe very student they observed their presentation and demonstration. They liked the programmed very much. The winner student were falicitaed with award and certificate. The programme were finished with the guest speeches and vote of thanks
